Dear Karlene,

This letter is to inform you that the grant request to assist in the above-named project has been approved in the amount of \$20,000.00. The Applications Committee for the Colorado Healthy Rivers Fund has reviewed your application and made this recommendation. The Committee comprises representatives from the Colorado Water Conservation Board and the Colorado Water Quality Control Commission in consultation with the Colorado Watershed Assembly (CWA).

Contracting documents will be forthcoming from the Colorado Watershed Assembly once the purchase order for this grant period has been finalized with the State. The purchase order process can take up to 4-weeks. Upon receipt of the purchase order, CWA will draft an agreement with you.

With an executed agreement, you can proceed with your Project. You will be given a contract number to be included with the project name when corresponding about or invoicing for your project. Be prepared to provide all backup documentation of costs incurred for the Colorado Healthy Rivers Fund portion of the grant according to the Scope of Work.

I will contact you in the next few weeks to discuss reporting and final deliverable requirements. If you have any questions about this email, please contact me.

Congratulations, and best of luck with your worthwhile project.
